WEBINAR

Crisis Management in Construction

May 2, 2018
1:00 – 2:00 p.m.

SPEAKER
Trent Cotney
Cotney Construction Law

This course will provide contractors & subcontractors with an overview of crisis management in construction including addressing serious injuries & fatalities, disaster preparedness, theft & vandalism, license & identity theft & other crisis events. The course will focus on crisis prevention including training, security protocols, fraud prevention & other components of successful crisis management.

Mr. Cotney focuses his practice on all aspects of construction litigation and arbitration, including OSHA defense, lien law, bond law, and bid protests, as well as construction document review and drafting. He routinely represents general contractors, subcontractors, suppliers, manufacturers, architects, engineers, developers, and others in the construction industry in a variety of matters.

He routinely advocates for the construction industry and is active in molding contractor-friendly statutes, rules and regulations on the local, state and national levels. Trent has been recognized as one of the leading attorneys in the field by his peers and the construction industry and has received numerous honors and distinctions. He is the editor and primary author of the Amazon best-selling book OSHA Defense for the Construction Industry.

To learn more about these issues, please join us as we provide this information during the webinar on May 2, 2018 from 1:00 p.m. to 2:00 p.m.
